

## **\*new business \*developing business \*projects**

### **BASIC RESEARCH PACKAGE £180**

This package is suitable for new businesses, companies large or small who wish to improve on the previous year but are facing obstacles i.e. no ability to allocate person(s) to research or require further information in order to progress, make a start or get underway. It is ideal for those looking for a cost-friendly option to move forward in business.

Your business may have set new goals to achieve that can include but not limited to the following:

- \*starting new projects
- \*putting new ideas into action
- \*expanding your business
- \*development
- \*offering diversification
- \*offering new services
- \*finding new venues
- \*researching new location(s)

This package can help assist you by providing you with the necessary information, following an intense research period, based on your given criteria. You will receive information via one source that you can use as a basis to start to plan and organise your project/idea(s). The information can help you to decide whether your plans are viable and what is involved to deliver a positive outcome.

Do you need to discuss further? Skype consultations are available upon request and are free. To request a call please send an email to [sparkleaffiliations@yahoo.com](mailto:sparkleaffiliations@yahoo.com) or use the enquiries page on the website.

\*Please note a booking/admin fee of £50 applies in addition to this package
